AMEY PAWAR

Software Engineer · Developer Tooling & AI Agents
ameypawar1237@gmail.com · +91 88505 58058 · ameypawar.com · linkedin.com/in/ameypawar77 · github.com/ameyypawar · gfix.space · tubio.pro · Mumbai, India

SUMMARY

Independent engineer shipping production developer tools at the intersection of AI agents and Git workflows. Final-year BTech (Electronics & Computer Science), graduating May 2027 — open to internships and new-grad roles. Built gfix (Rust + MCP merge resolver) and Tubio (Chrome MV3 SaaS, 4.8★), both live with real users.

TECHNICAL SKILLS

Languages: Rust, TypeScript, JavaScript, Python, Ruby
AI / Agents: Model Context Protocol (MCP), Claude API, OpenAI, Gemini, Ollama, prompt engineering
Frontend: React, Next.js (App Router), Tailwind CSS, Plasmo (MV3), HTML5 Canvas
Browser / Extensions: Chrome MV3, VS Code Extension API (Marketplace + Open VSX), service workers, IndexedDB, Innertube API
Backend & Infra: Node.js, Ruby on Rails 8, Sidekiq, REST APIs, Supabase, Vercel, Docker, Polar
Git / Systems: Git internals, rerere, AST-based merging (Mergiraf), worktrees, multi-agent workflows

EXPERIENCE

Founder & Engineer · **gfix & gitfix** (gfix.space) (gitfix.pro) — Mar 2026 – Present · Mumbai

- Architected gfix (Rust CLI + MCP server) and shipped gitfix VS Code extension (Marketplace + Open VSX) — let AI coding agents resolve git merge conflicts natively with a conflict tree, one-click fixes, and per-resolution audit trail.
- Engineered deterministic AST-level merging (Mergiraf), cross-machine rerere-style replay, and a BYO-key AI provider layer abstracting OpenAI, Anthropic, Gemini, and Ollama on a private Rust engine.
- Install: brew install ameyypawar/gfix/gfix · npm install -g @gitfix/cli

Stack: Rust · MCP · Mergiraf · VS Code Extension API · Open VSX · Git internals

Founder & Engineer · **Tubio** (tubio.pro) — Sep 2025 – Present · Mumbai

- Built and shipped Tubio end-to-end — Chrome MV3 SaaS (4.8★Chrome Web Store); bulk-downloads YouTube transcripts with metadata and multimodal context the official YouTube Data API doesn't expose.
- Engineered download of up to 800 videos/session with rate-limiting and IndexedDB persistence surviving MV3 service-worker restarts; bypassed 2024 PoToken enforcement via user's authenticated session.

Stack: Plasmo · Chrome MV3 · React · TypeScript · IndexedDB · Innertube API · Supabase · Polar

Web Developer (Intern) · **Trineteini Quantum** (dialclub.org) — Jan 2025 – Mar 2025 · Remote

- Delivered admin panel + social-media dashboard for dialclub.org with CRUD surfaces, cross-channel publishing, role-based instructor dashboard, event lifecycle management, quiz module, and public chatbot.

Stack: React · Node.js · REST APIs · Webhooks

PROJECTS

scribed · github.com/ameyypawar/scribed — 2024

- Self-hostable, provider-agnostic audio transcription microservice — pluggable backends (whisper.cpp, faster-whisper, Deepgram, OpenAI) swappable via env; signed webhooks with exponential-backoff retry on Rails 8 + Sidekiq.

Stack: Ruby · Rails 8 · Postgres · Sidekiq · Docker · REST

Pluck · github.com/ameyypawar/pluck · live — 2026

- MIT-licensed Chrome MV3 extension that auto-detects listed items on any page and exports to CSV; deterministic, zero-AI, no configuration required.

Stack: TypeScript · Plasmo · Chrome MV3

OPEN SOURCE

14 PRs merged across 6 production open-source repositories:

- windmill-labs/windmill — #9460 fix(python): escape reserved-keyword step ids in codegen (Rust) · #9463 fix(frontend): forced column order for numeric names (TS) · #9566 fix(folders): allow hyphens in folder names (Rust)
- gitoxidelabs/gitoxide — #2637 fix: write new remote sections to local config · #2622 add tests for Repository::open_mailmap · #2673 fix: don't report empty-dir tree as untracked · #2669 fix: preserve underlying error on failed reqwest · #2663 fix: seed fast PRNG to differ across processes · #2664 document index write/tree-cache invariant · #2675 gix-pack: benchmark pack generation from loose objects (all Rust)
- tokio-rs/tokio — #8196 net: accept ConnectionReset in shutdown_after_tcp_reset test (Rust)
- tower-rs/tower — #874 fix(balance): clear cached P2C ready index after discovery removal (Rust)
- qdrant/rust-client — #286 feat(client): opt-in connection check on Qdrant::build() (Rust)
- gitbutlerapp/gitbutler — #14245 Add a diff font size setting (TypeScript)

EDUCATION

University of Mumbai — 2022 – 2027
BTech, Electronics and Computer Science · Expected May 2027
